

Hello Etta,

Just want to formally thank you and thank Hempstead Works so very much for affording me the excellent opportunity of attending Molloy College Continuing Education. I completed the Advanced Certificate in Human Resource Management on January 29, 2018. The courses were fantastic and so relevant to my field of Human Resources. Professor Cania Infante was incredible and I learned so much. I would like to apply the skills and knowledge that I have acquired through the various Human Resource classes to obtain a full time position in the Human Resources field.

Thank you so kindly again for providing me with this wonderful grant to receive an Advanced Certificate in Human Resources Management from Molloy College. I am very grateful for all.

Very truly yours,

L.S.
