Dear Ms. Hurtado,

I wish to take a moment of your time to commend you and the department you oversee, HempsteadWorks.

My experience with HempsteadWorks was professional to the highest order, complimented with the utmost sincere and courteous service.

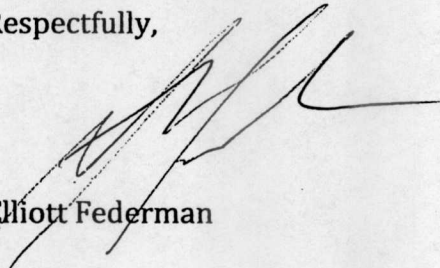

In particular, I want to bring to your attention Maria Lombardi, Jeanie Robano and Yvonne Morissey. I was truly impressed and appreciative of their genuine concern for my well-being and the immediacy of their actions regarding my circumstance. Equally impressive was the mutual respect these three women showed towards each other's work. The teamwork between them ended with the most positive and productive results.

In essence, Maria, Jeanie and Yvonne are true assets to HempsteadWorks.

These are difficult times and HempsteadWorks has truly risen to the challenge. It is a true compliment to you and the staff you have assembled.

Keep up the good work,

Respectfully,

Elliott Federman
