National Disability Institute (NDI) is pleased to share the launch of a new set of resources to help people with disabilities and chronic health conditions *respond to the financial challenges of the COVID-19 pandemic*.

NDI's [Financial Resilience Center](#) is an online hub to answer frequently asked questions about: COVID-19 Stimulus; Employment and Unemployment; Public Benefits; Money Management; Housing, Food and Healthcare; Scams and more.

In addition to providing trusted answers to FAQs, the Financial Resilience Center offers assistance to help users manage their finances. Our partnership with the Association for Financial Counseling, Planning and Education® ([AFCPE](#)) offers virtual financial counseling and coaching, and [LifeCents](#) will provide access to online financial wellness training (*coming soon*). These resources and assistance are offered free of cost!

We are in this together, and we are here to help.

The Financial Resilience Center was developed by National Disability Institute with generous funding from the Wells Fargo Foundation.
