## What Is Metrix Learning?

As part of its SkillUp® Hempstead Program, HempsteadWorks, has made Metrix Learning® available to unemployed residents of Hempstead, NY. Metrix Learning® is a comprehensive platform that delivers career exploration tools, career pathways, job search tools, assessments, and online skill training. Customers will have the ability to virtually register, update job skills via e-learning courses, track progress (e.g. course completions, hours, skill badges) and explore careers.

Key Features

- ✓ Integrated assessments
- ✓ 5,000+ Workplace Skills/Business/IT courses
- ✓ 10 Career Pathways, 200 Occupations
- ✓ 300+ Skill Tracks
- ✓ 100+ Certification Training Tracks
- ✓ FREE digital badges & certificates of completion

Innovative Career Pathways Tool

The Career Pathways Tool is **designed for job seekers to assess their skills, visualize their skill gaps, and remediate skills through recommended training**. Job seekers choose from 10 sectors representing over 200 occupations and progressively build their skills.

Extensive Course Catalog

The online courses include audio, video, closed captioning, lectures, simulations, and quizzes and tests in interactive modules. Featuring **5,000+ world-class courses from Skillsoft Corporation**. Topics include: Microsoft Office, sales, software, workplace skills, and many more.

Industry-Recognized Certifications

Metrix Learning offers flexible, online training for over 130 industry-recognized certifications. Topics include business (e.g. Project Management, Six-Sigma), desktop (e.g. Microsoft Office, QuickBooks), and IT (e.g. Cisco, Oracle) certifications.
